An investigation into one of the many agendas
associated with geoengineering programs (weather control)

Monday 8th April 2013 - 6.30 p.m.

European Parliament
Rue Wiertz/Wiertzstraat, 60
Altiero Spinelli - ASP 1G3

*This film is by far the most in-depth
analysis of the geo-engineering issue
that I have seen to date, clearly
outlining the motives behind this insidious
program of altering natural weather patterns,
changing soil chemistry, and taking control
of our food supply in the process.*
